25948 Business Center Dr.
Loma Linda, CA 92374

New phone number:

(909) 478-1176

ReStore Coming Soon!

New office and ReStore

After many months of hard work, we are honored to announce the opening of the ReStore!

The ReStore will sell home improvement goods such as furniture, home accessories, building materials and appliances. We accept donated goods which will be sold to the general public at a fraction of the retail price. The proceeds will help fund the construction of Habitat homes within our community.

The ReStore will also provide an environ-

mentally and socially responsible way to keep good, reusable materials out of landfills while providing funding for our organization.

All donations and purchases made at the ReStore directly support our mission to eradicate substandard housing.

We will open our doors in early June and kick off with a Grand Opening in August. Be sure to stop by the ReStore and shop for your next home improvement needs!

ReStore location:

**25948 Business Center Dr.
Loma Linda, CA 92374**

Hours:

**Tuesday-Saturday
9:00am-6:00pm**

Meet Dave and Rick, ReStore Managers!

ReStore Manager, Dave Kennedy, and Assistant Manager, Rick Rodriguez are both ready and excited to work at the ReStore. Both have much to say about the new ReStore, "I am really sold on the entire idea and mission where we can furnish clean, decent homes for people in need," Dave says with enthusiasm. Rick agrees, "I want to help people with the dream of owning a home."

Stop by and say hello to our new Managers!

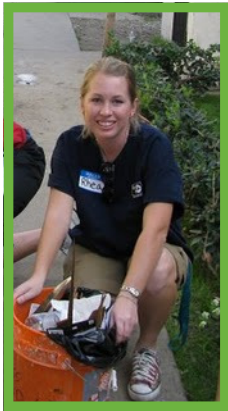

Dave (left) and Rick

New Faces!

Please welcome, Rhea Stumm, our new Development and Communications Manager. She comes to us with many years of nonprofit and volunteer experiences.

"I am very excited to be joining the Habitat team and to help spread the word of Habitat's mission!"

Rhea Stumm

Construction Field Operations Director

We are currently looking for a Construction Field Operations Director. We interviewed six highly qualified candidates on April 30th and hope to fill the position soon. The new Construction Director will be responsible for the success of all home builds.

Yucaipa Rehab is Underway

Good news! In the beginning of the year we purchased a house and closed escrow. As of now, the house is in need of some tender loving care!

We recently received a gift of \$13,333 from the San Manuel Band of Mission Indians Community Foundation which will be used for the rehab. In addition, we are working with the City of Yucaipa to assist with the additional funding.

The home is a 2 bedroom/1 bath and we hope to start the rehab by June 1st!

Board Members in front of the Yucaipa Rehab with Gary Teeters and Patricia Florio of Coldwell Banker Kivett- Teeters Association

Alta St. in Redlands

We are currently collaborating with a local church and Crossroads Missions—Hope to Help, in building a home on Alta Street in Redlands, CA. This amazing group will provide all the labor and materials needed to frame the house. We hope to kickoff the construction in September 2011.

Thank You
Crossroads Missions!

Six Homes in the Process!

Baker lots in North San Bernardino:

We are currently working with the City of San Bernardino Economic Development Program to secure funding for the site improvements. Once we receive the funding we will have four buildable lots!

Grand Terrace:

We are also working with the City of Grand Terrace on a two home project! The City of Grand Terrace is in the process of gifting a parcel to us for the purpose of constructing the two homes within 24 months after the transfer of title.

Volunteers working on a home

Family Selection

The Family Selection Committee is in the process of interviewing 6 applicant families and preparing for home visits.

These future homeowners will need to complete 500 hours of sweat-equity by volunteering on other Habitat projects.

Cardenas Family

This is part of the Habitat homeownership policy. They must also make a modest down payment plus the closing costs, before they move into their new homes.

**Donate your car,
truck, boat or RV by
calling toll free**

(877) 277-HFHI

or visit

www.carsforhomes.org

All proceeds will benefit Habitat for Humanity San Bernardino Area. Be sure to mention our name when you donate!

Donate Today Online!

Check out our new online donation page. You can give a one time donation or set up a recurring donation. Or give us a call at 909-478-1176 to make a credit card donation over the phone.

Your generosity will enable us to continue to build sustainable, affordable housing for low income families in our community.
